The students will study local, county and state-level initiatives. This nonpartisan political perspective is a full day. Every spring, the American Legion Auxiliary and Boys State Project bring together young men and women with a hands-on educational experience. It is the only program of its kind that provides tomorrow's leaders in the privileged and decision-making roles of leadership.

Delegates receive special instruction in parliamentary procedure and organization into two political parties. They then campaign, hold rallies, debate and ultimately vote to elect county, state and city officials. Once elected, they are sworn in and perform their prescribed duties. Citizens are only able to participate in the office of their elected or appointed counterparts in local, state and city government.

Two outstanding citizens, known as “senators,” carry on the tradition started by the 50 Girls and Boys State Project held across the country to represent their state at American Legion and Auxiliary’s Boys and Girls’ Nation held in Washington, D.C. in July.

The Nebraska Farm Bureau Disaster Relief Fund Closes, $3.4 Million Distributed to Storm Victims

It is the one-year anniversary (March 15 of one of the most devastating storms to ravage the state in recent history, causing unprecedented flooding across the state and impacting rural communities. Nebras-ka Farm Bureau was there to help, creating the Nebraska Farm Bureau Disaster Relief Fund and coordinating efforts with state and local agencies to help restore health and safety. Now, with the help of livestock on farms and ranches in rural communities.

The Nebraska Farm Bureau Disaster Relief Fund was established following the October 4 floods to help farmers and ranchers whose livestock was destroyed or injured in the storms. The fund is managed by an advisory committee of representatives from state and local government, with the support of the Nebraska Farm Bureau. The fund is committed to the health and well-being of Nebraskans. In a disease situation like COVID-19, the center is following protocols to reduce the spread of disease.
