

Around Stapleton Public Schools

The teacher's lounge was one of the rooms improved over the summer at Stapleton Public Schools. It is pictured above and in the picture at right.

Story & Photos

There have been several "face lifts" to areas in the Stapleton Public School building over the summer. This was in addition to the completion of the building project and renovation of the football field.

The teacher's lounge and coaching staff office received new carpeting, a fresh coat of paint, and general updates.

Class pictures that graced the upstairs walls of SHS have been digitalized and the screen is

now accessible for viewing in the new commons area. Kristy Opela and Kim Kramer have been working on the flip files and have almost completed this project. The files are also available in the commons area.

The new music room and locker rooms are now in use.

Along with all of the improvements to the school building, there have been staff changes, including a new principal, Steve Gleisberg. He was featured in a story in the August 18 issue of *The Enterprise*.

Last week the school page included the new business instructor, Jeaninne Davis.

In the weeks to come you will meet Jenni Joedeman, school counselor; Denise Frey, fifth grade; and maintenance director, Bo McVay.

Preschool began Tuesday, September 6, and a final enrollment figure will be released.

Each week *The Enterprise* will bring you information about the school on the SPS page and be sure to check out the schools' new app and updated website.

New carpeting, furniture, and paint make the teacher's lounge an inviting place. The board features staff birthdays.

Class pictures, taken down in the upstairs hallway due to remodeling, have been placed in flip files that are accessible for viewing in the new commons area of Stapleton Public Schools. Kristy Opela and Kim Kramer have been working on this project and it is nearing completion. The digital screen is again operational and photos may also be viewed in the commons area in the new format.

Logan County Drug Busts

A supervised child visitation led to the arrest of a Valentine woman in Logan County. Health & Human Services scheduled a visit and a case worker notified the Logan County Sheriff and reported an incident at Cornerstone Evangelical Presbyterian Church that money was missing and marijuana had been detected.

Logan County Sheriff Sean Carson and Deputy Dalen Wood went to the church and consent was given to search a bag where methamphetamine and cash was discovered.

Tanya Lee Wingrove of Valentine was arrested for theft and possession of a

controlled substance.

She will appear in Logan County Court on Tuesday, September 13.

A traffic stop on Highway 92 near the Logan-Custer County line led to the arrest of two people.

Deputy Dalen Wood stopped a Budget rental truck for driving left of center, Tuesday, August 23.

Contact was made with Sir-Maree Antron Wallace, driver of the truck, and Salem Matar, a passenger. The two were headed out of Colorado to Minnesota with the moving company.

It was found Wallace was a fugitive from justice in Buffalo and Cheyenne counties. He

was charged with carrying a concealed weapon and possession of THC concentrate.

Matar was found to have THC concentrate in his possession.

The two were booked at the Lincoln County Detention Center, North Platte, and will be in Logan County Court, September 13.

The rental truck was put into storage at the Stapleton Fire Hall where a search warrant was obtained and a search conducted last Friday. Leaf marijuana, THC concentrate and psilocybin mushrooms were found in the contents of the truck.

Free Farm & Ranch Clinics

A free farm and ranch clinic will be available Tuesday, September 13, in North Platte. These clinics are for farmers and ranchers and their families and are confidential, one-on-one sessions with an experienced Ag law attorney and Ag finance counselor. The clinics have been offered in Nebraska since 1989. In a roughly hour-long session, you are welcome to bring up whatever issues might be affecting your farm or ranch. Discussions often involve estate and succession planning, financial and operational issues, beginning farmer programs, real estate and lease matters, fence law, property rights, farm loans and loan programs, and debtor/creditor law. To sign up call Michelle at the Nebraska arm Hotline at 1-800-464-0258.

The coaches room received a revamp over the summer with new carpet, paint, and reorganization of storage items.

September is Healthy Aging Month

Healthy Aging Month is recognized as a time to celebrate life and the positive aspects of growing older. As a person ages, physical and mental health, as well as dietary and social needs, change over time. A person can take charge of their well-being by taking steps to age with a healthy body and a healthy mind and not lose control of their well-being.

The month of September is recognized as a time to focus on health and take precautions to help face any challenges that come with aging. Lifestyles can be changed if needed to mature gracefully. It's never too late to work on health issues.

Visit www.DHHS.NE.Gov to review services available to help you reach your goals. You may also call 402-471-6035 for information.

Use September as the motivation to take stock of past experiences and what may be some future goals. There are no set rules. It's never too late to start something new. Staying active and vibrant as long as possible is the ultimate goal and is the best gift to oneself.

Weather

DATE	HI	LOW	MT.
27	89	63	0
28	89	59	0
29	96	55	0
30	88	53	0
31	90	53	0
